CHAIRMAN'S STATEMENT

We strive to innovate constantly to sustain our competitive advantage in a fast-moving business environment and fast-changing consumer purchasing behaviour.

Dear Shareholders:

LY Corporation Limited's ("LY Corporation" or the "Company") vision of internationalisation took flight in 2017 when we were gearing for the listing on the Catalyst board of Singapore Exchange ("SGX"). The moment of glory climaxed at our official listing on SGX as we were the first initial public offering on the Catalyst board in 2018 on 31 January 2018.

The Company and its subsidiaries (collectively the "Group") is one of Malaysia's leading manufacturers and exporters of wooden bedroom furniture. With an established track record of approximately 40 years in the furniture industry, the Group is an original design manufacturer ("ODM") principally engaged in the design and manufacturing of custom wooden bedroom furniture, and the manufacturing of custom wooden bedroom furniture which may be tailored to customers' specifications and requirements on an original equipment manufacturer ("OEM") basis.

From a small carpentry workshop in Batu Pahat, Johor, the Group grew and now operates from 15 factories and warehouses, occupying a combined built-up area of approximately 1.4 million sq ft. Our products are sold mainly to overseas dealers such as furniture wholesalers and retailers who generally resell the products to end-users through their respective retail networks and domestic customers who are primarily third party agents who typically export and resell its products outside Malaysia, such as to the United States of America.

Our classy and durable products are designed to tailor to the export market, with the United States of America as our largest export market. We are proud to be a supplier to major retailers and reputable wholesalers.

Year In Review

We have chose to list on SGX because of Singapore's excellent reputation as an international finance centre with attractive infrastructure for financial services. Through the listing, we hope to reach out to international business partners as well as investors to power our next phase of growth.

We are confident that we will leapfrog into the next stage of expansion swiftly and grow in tandem with Singapore's growth as a competitive and vibrant financial hub in Asia.

For the financial year ended 31 December 2017 ("FY2017"), the Group's revenue increased by 22.0% to RM350.6 million in FY2017 compared to RM287.3 million in the financial year ended 31 December 2016 ("FY2016"). This can be attributed largely to two main factors:

- (1) an increase in the number of containers loaded with products ("40-ft containers") sold from 5,637 40-ft containers in FY2016 to 6,620 40-ft containers in FY2017 due to the increase in the demand from its customers mainly from the United States of America; and
- (2) an increase in average selling price per 40-ft container from RM51,000 in FY2016 to RM53,000 in FY2017 due to the increase in the selling prices of certain furniture models.

As a result of the increase in the revenue, the gross profit increased by approximately RM12.8 million, or 17.1%. The overall gross profit margin decreased from 26.1% in FY2016 to 25.0% in FY2017 mainly due the increase in the purchase price of most of the raw materials as well as the strengthening of Malaysian Ringgit against the U.S. dollar.

Net profit attributable to the owners of the Company rose by 17.2% from RM43.4 million in FY2016 to RM50.9 million in FY2017.

Growth Prospects

We are fired with passion to take LY Corporation to the next phase of growth. We aim to expand our sales network in the People's Republic of China ("PRC") to meet the high demand for quality furniture in a burgeoning market. Belt and Road Initiative presents dynamic opportunity for expansion in PRC for wooden furniture players like LY Corporation because of the direct access to over 1 billion consumers based in China. Potential demand growth from PRC augurs strong as PRC's import of wooden furniture increased by 79.8% from 2011 to US\$563.6 million in 2016. In 2016, export value from Malaysia to China was only RM116.2 million, which was 1.55% of the world's export value of RM7,474.3 million with plenty of room for Malaysia's wooden furniture players to grow our exports.

We are excited at the prospects of introducing advanced and automated woodworking machinery in our factories and therefore we plan to upgrade machinery and equipment and acquire new technology to increase productivity and cost efficiency.

As at to-date, we have completed the construction of an additional manufacturing facility which is currently awaiting for the approval from relevant authorities before we can commence production which will contribute towards the increase of our production capacity. A new hostel to house all our foreign workers is under construction on an approximately 1.9 acres of land (within walking distance from our factories). Last but not least, we are open to explore investments, mergers and acquisitions, joint ventures and strategic collaborations to strengthen our competitive advantage through enhancing our core competencies and giving us access to new markets, customers and businesses.

Innovate for Competitive Advantage

Our competitive strengths have placed us in a market leadership position over the past 40 years. Not only do we have established track record in the furniture industry, we are well recognised for the quality of our furniture products. Strong in-house design and development capabilities have enabled our Group to cater effectively to the customised requirements of our customers. Furthermore, our established subcontractor network of subcontractors, some of which have worked with us for more than 10 years, has given us an unsurmountable competitive edge over our competitors.

We strive to innovate constantly to sustain our competitive advantage in a fast-moving business environment and fast-changing consumer purchasing behaviour. Since 2014, we have been collaborating with a software company to develop and implement an integrated real-time monitoring and management system ("LY-6M system") which monitors the entire production

process. We believe that our implementation of the LY-6M system, an integrated process management system which monitors our entire production process, is expected to significantly enhance our productivity and efficiency through improvements in raw material optimisation, inventory optimisation; monitoring and tracking, data collection and analysis, and performance measurement and appraisal.

Rewarding Shareholders

We have proposed to distribute a special dividend for FY2017, representing a payout per share equivalent to 3.0% of the placement price per share pursuant to the share placement carried out for the initial public listing of LY Corporation, to be approved at our upcoming annual general meeting. This represents a special dividend of S\$0.0078 per share.

In addition, our Directors intend to recommend and distribute dividends of not less than 40.0% of our net profits after tax attributable to our shareholders in respect of each of FY2018, FY2019 and FY2020¹.

Note of Appreciation

On behalf of LY Corporation, I wish to thank SGX and all professional firms for their invaluable support in making the public listing on the Catalist board a success.

I would also like to thank my business partners for their partnership over the past 40 years because their faith in my vision has enabled me to lead LY Furniture Sdn. Bhd. from a cottage workshop to a public-listed company in Singapore today. I am also grateful to our customers who have placed their trust in us and grew with us all these years. My deepest appreciation goes to my management team and staff for working hand in hand to realise the dream of taking LY Corporation beyond the shores of Malaysia and blossom into an international company.

We look forward to your continued support for the new company as we expand beyond United States of America.

Tan Kwee Chai
Executive Chairman

FINANCIAL REVIEW

Revenue of LY Corporation Limited and its subsidiaries (collectively the “Group”) increased by 22.0% to RM350.6 million in the financial year ended 31 December 2017 (“FY2017”) compared to RM287.3 million in the financial year ended 31 December 2016 (“FY2016”). This can be attributed largely to two main factors:

- (a) an increase in the number of containers loaded with products (“40-ft containers”) sold from 5,637 40-ft containers in FY2016 to 6,620 40-ft containers in FY2017 due to the increase in the demand from its customers mainly from the United States of America; and
- (b) an increase in average selling price per 40-ft container from RM51,000 in FY2016 to RM53,000 in FY2017 due to the increase in the selling prices of certain furniture models.

Cost of sales increased by approximately RM50.4 million, or 23.7%, mainly due to the increase in raw materials purchased, labour costs and subcontractors’ costs. The increase in these costs was mainly due to the higher level of production during the year to cater for the production to meet the demand in FY2017.

As a result of the increase in the revenue, gross profit increased by approximately RM12.8 million, or 17.1%. The overall gross profit margin decreased from 26.1% in FY2016 to 25.0% in FY2017 mainly due to the increase in the purchase price of most of the raw materials as well as the strengthening of Malaysian Ringgit (“MYR”) against the U.S. dollar (“USD”).

Interest income increased by approximately RM0.3 million, or 48.1% mainly due to more cash being placed under short term deposits.

Other income increased by approximately RM1.1 million, or 21.9% mainly due to the increase in the sale of materials by approximately RM2.9 million in FY2017 as a result of the Company selling more boards to LP Global Resources Sdn Bhd (“LP Global”) to manufacture front drawer for most of our models (including lamination services) as compared to previously whereby LP Global only provided lamination services. The increase in the other income was partly set-off by the decrease in the gain on disposal of property, plant and equipment.

However, selling and administrative expenses increased by approximately RM3.7 million, or 16.5% mainly due to the increase in depreciation of property, plant and equipment, freight and handling charges, staff costs (including, but not limited to salary, EPF, Social Security Contribution, staff welfare and training) and Directors’ bonus.

Finance costs decreased by approximately RM0.5 million, or 70.7% mainly due to settlement of our term loans in FY2016.

Other expense increased by approximately RM3.2 million mainly due to net foreign exchange loss recorded in the books of the Company in FY2017 as compared to FY2016 due to the appreciation of the MYR against USD as the Company holds some of its cash in USD for daily operating purposes.

Net profit attributable to the owners of the Company rose by 17.2% from RM43.4 million in FY 2016 to RM50.9 million in FY2017.

FINANCIAL POSITION

The financial position of the Group continues to be stable. Net assets stood at RM173.8 million as at 31 December 2017 as compared to RM173.4 million as at 31 December 2016. Net asset value per share stands at RM4.34 as at 31 December 2017.

For non-current assets, property, plant and equipment increased by approximately RM11.1 million, or 10.8% mainly due to the purchase of machinery and equipment as well as office equipment, furniture and fittings. Leasehold land decreased by approximately RM0.3 million, or 2.4% due to the amortisation of the leasehold land.

In terms of current assets, inventories increased by approximately RM0.5 million, or 1.3% mainly due to the Group stocking up raw materials towards the end of FY2017 to fulfil sales orders due for delivery in the financial year ending 31 December 2018 (“FY2018”).

Trade and other receivables of approximately RM28.5 million comprised trade receivables, receivables from related parties, deposit and other receivables. The increased in trade and other receivables by approximately RM9.9 million, or 53.0% was in line with the increase in sales.

Prepaid operating expense of approximately RM5.8 million comprised mainly of the expenses related to the initial public offering of the Company which will only be either expensed off to the income statement or capitalised in FY2018.

The Group’s non-current liabilities increased by approximately RM1.0 million to RM13.8 million as at 31 December 2017 mainly due to the increase in the deferred tax liability by RM0.7 million.

Loans and borrowings comprised obligations under finance leases and short-term trade financing. The increase in loans and borrowings by approximately RM3.9 million, or 73.5% was mainly due to the increase in the usage of short-term trade financing towards the end of FY2017.

Trade and other payables of approximately RM30.6 million comprised trade payables, amount due to related parties and sundry payables. The increased in trade and other payables of approximately RM6.3 million, or 26.0% was mainly due to the increase in purchase of raw materials to cater for the sales orders.

There were no derivative liabilities recorded as there were no outstanding forward currency contracts and cross currency swap as at the end of FY2017.

CASH FLOW POSITION

The Group’s cash position remained healthy at RM31.1 million as at 31 December 2017 despite a decrease of 37.2% as compared with RM49.5 million as at 31 December 2016.

The Group recorded net cash flows from operating activities of approximately RM45.0 million in FY2017 which was higher as compared to approximately RM43.1 million in FY2016 mainly due to higher operating profit before working capital changes recorded by the Group in FY2017 as compared to in FY2016 and partially offset by the increase in the requirement for working capital in FY2017.

The Group recorded net cash flows used in investing activities of approximately RM15.4 million mainly due to the purchase of new machineries with better features.

The Group recorded net cash flows used in financing activities of approximately RM47.5 million mainly due to the payment of dividends of RM55.0 million, net proceeds from loan and borrowings of RM3.5 million, and proceeds from issuance of ordinary shares of RM4.5 million.

CORPORATE SOCIAL RESPONSIBILITY

At LY Corporation Limited (“LY Corporation”), responsible corporate citizenry is a core pillar of our business philosophy and sustainability strategy. We embrace our responsibility to our employees, shareholders, business partners and the communities in which we operate, and are committed to achieving long-term mutually sustainable relationships with our stakeholders.

Our corporate social responsibility (“CSR”) mission took shape in 2012. Since then, we have actively play our part in caring for the community and lending a helping hand to the less privileged in society or those communities in need. We recognise the importance of encouraging our employees to play an active role in the communities of which we are a part of, and in doing so, develop their leadership potential, corporate camaraderie, community spirit and environmental awareness.

Some of our key corporate initiatives include:

(a) Sustainable wood sourcing

We strive to reduce the environmental impact of our manufacturing operations by using more materials from sustainable sources, such as rubberwood from rubber trees from designated plantation land that are due for replacement, having gone past their optimal latex-producing cycle, as well as using recycled wood such as compressed moulded wood manufactured from waste wood chips.

(b) Recycling of wood waste

We recycle our wood waste as feedstock for our factory boiler to produce heat required for our production process. For example, steam generated contributes to more than 50.0% of the heating requirements for our spray painting process.

(c) Usage of environmentally-friendly materials

We are committed to the responsible use and protection of the natural environment by using materials for our production process which are environmentally-friendly. This includes water-based paint, California Air Resources Board Phase 2 (CARB Phase 2)-compliant raw materials and lead-content-free coating materials.

(d) Giving back to the community

We regularly support various organisations within our community. We have made donations and held fundraising events in support of the local schools and charity bodies, some of which are applied towards the construction of school buildings. We also encourage our various stakeholders such as employees, suppliers and subcontractors to participate in blood donation events which we hold in conjunction with the local general hospital annually.

In 2017, LY Corporation and its subsidiaries continued its policy of charitable donation to support charitable causes in the communities it operates in. Some of the key projects were donations for NCCIM Economic Forum (Malaysia), USA Harvey Disaster (USA) and Penang Flood Relief.

As a regular supporter for blood donation, our annual blood donation drive was conducted on 16 March 2017 where approximately 100 of our employees generously participated to donate blood to the blood bank of a local government hospital.

2.7	How have the Non-Executive Directors: (a) constructively challenge and help develop proposals on strategy; and (b) review the performance of Management in meeting, agreed goals and objectives and monitor the reporting of performance?	<p>The Board, particularly the Independent Directors, which are Non-Executive Directors, must be kept well informed of the Group's business and be knowledgeable about the industry the Group operates in. To ensure that the Independent Directors are well supported by accurate, complete and timely information, they have unrestricted access to Management, and have sufficient time and resources to discharge their oversight functions effectively.</p> <p>This enables the Non-Executive Directors to constructively challenge and help develop proposals on strategy and also review the performance of Management in meeting agreed goals and objectives, and extend guidance to Management. The Non-Executive Directors' objective judgement on corporate affairs and collective experience and knowledge are invaluable to the Group and allows for the useful exchange of ideas and views.</p>
2.8	Have the Non-Executive Directors (including Independent Directors) met in the absence of key management personnel in the last financial year?	<p>The Independent Directors do discuss and/or meet on a need-basis without the presence of the Management to discuss matters such as the Group's financial performance, corporate governance initiatives, board processes, succession planning as well as leadership development and the remuneration of the Executive Directors.</p> <p>The Independent Directors had met and discussed with the external and internal auditors as part of the IPO process in the absence of key management personnel in FY2017.</p>
Chairman and Chief Executive Officer		
3.1 3.2	Are the duties between Chairman of the Board and CEO segregated?	<p>The Company has a clear division of responsibilities at each level of the Company, with the Executive Chairman and the CEO having separate roles to ensure an appropriate balance of power, increased accountability and a greater capacity of the Board for independent decision-making.</p> <p>The division of responsibilities between the Chairman and the CEO is also clearly established in the Constitution of the Company. The Chairman manages the business of the Board whilst the CEO and his management team translate the Board's decisions into executive action. The CEO has executive responsibilities for the Group's businesses and is accountable to the Board.</p> <p>The Chairman, Mr Tan Kwee Chai is the father of the CEO, Mr Tan Yong Chuan.</p> <p>The CEO takes a leading role in developing the businesses of the Group and manages the day-to-day operations with the assistance of key management personnel. He also oversees the execution of the business and corporate strategy decisions made by the Board.</p> <p>The Chairman is responsible for the management of the Board. He leads the Board, encourages Board's interaction with Management, facilitates effective contribution of Independent Directors, encourages constructive relations among the Directors, and promotes corporate governance.</p> <p>Notwithstanding that the Chairman and CEO are immediate family members, the Board is satisfied that there is sufficient transparency and accountability in view of the distinction of responsibilities and the strong independent element on the Board.</p>

3.4	Have the Independent Directors met in the absence of other Directors?	<p>Led by the Lead Independent Director, the Independent Directors will meet in the absence of the other Directors as and when circumstances warrant.</p> <p>The Independent Directors had met and discussed with the external and internal auditors as part of the IPO process in the absence of other directors in FY2017.</p>
Board Membership		
4.1 4.2	What are the duties of the NC?	<p>The NC comprises Mr Lee Dah Khang, Mr Oh Seong Lye and Mr Tan Yong Chuan. The Chairman of the NC is Mr Lee Dah Khang.</p> <p>The NC, which meets at least once a year, carries out its duties in accordance with a set of written Terms of Reference which includes, mainly, the following:</p> <ul style="list-style-type: none"> (a) reviewing and recommending the nomination or re-nomination of the Directors having regard to the Director's contribution and performance; (b) determining on an annual basis, and as and when circumstances require, whether or not a Director is independent; (c) deciding whether or not a Director is able to, and has been, adequately carrying out his duties as a director; (d) reviewing and approving any new employment of related persons and the proposed terms of their employment; (e) developing a process for the evaluation of the performance of the Board, its committees and the Directors and proposing objective performance criteria, as approved by the Board that allows comparison with its industry peers, and addressing how the Board has enhanced long-term shareholders' value; (f) reviewing succession plans for Directors and key executives; and (g) reviewing training and professional development programmes for the Board. <p>As the Company was listed on 31 January 2018, no NC meeting was held in FY2017.</p> <p>The key responsibilities of the NC include making recommendations to the Board on relevant matters such as the process for evaluating the performance of the Board and each Director as well as succession planning which form a critical part of corporate governance process for CEO and board members. It seeks to refresh the board membership as it thinks fit in an orderly and progressive manner so as to keep institutional memory intact. It also ensures compliance with the requirements of the Company's Constitution which provides that at each Annual General Meeting ("AGM"), one-third of the Board is required to retire and provided always that every director shall retire from office at least once every 3 years. In addition, the Directors, by the recommendation of NC, shall have the power to appoint any person to be the Director either to fill a casual vacancy or as an additional Director. All new Directors who are appointed by the Board are subject to re-election at the next AGM but shall not be taken into account in determining the numbers of Directors who are retire by rotation at such meeting. In this respect, the NC has recommended and the Board has agreed for the following Directors to retire and seek re-election at the forthcoming AGM:</p> <p>Pursuant to Regulation 98 of the Constitution of the Company:</p> <ul style="list-style-type: none"> (a) Mr Tan Yong Chuan

Board Performance		
5.1 5.2 5.3	What is the performance criteria set to evaluate the effectiveness of the Board as a whole and its Board Committees, and for assessing the contribution by each Director to the effectiveness of the Board?	<p>As the Company was listed on the Catalist of the SGX-ST on 31 January 2018, the NC did not set the performance criteria to evaluate the effectiveness of the Board as a whole and its Board Committees, and for assessing the contributions by each Director to the effectiveness of the Board in FY2017.</p> <p>Subsequent to FY2017, the NC established a process for assessing the effectiveness of the Board as a whole, and for assessing the contribution of each individual Director to the effectiveness of the Board. This assessment will also be conducted by the NC at least once a year by way of a Board Evaluation where the Directors complete a Board Performance Evaluation questionnaire, Self-Assessment Checklist, and Board of Director's Skills Set and Competency Matrix.</p> <p>Each member of the NC shall abstain from voting on any resolutions in respect of the assessment of his/her performance or re-nomination as a Director. The Board will act on the results of the performance evaluation, and in consultation with the NC, propose, where appropriate, that new members be appointed to the Board or seek the resignation of Director(s).</p> <p>Objective performance criteria used to assess the performance of the Board include both quantitative and qualitative criteria.</p> <p>The Board and the NC believe that the financial indicators are mainly used to measure the Management's performance and hence are less applicable to the Non-Executive Directors. The NC had conducted the Board's performance evaluation as a whole subsequent to FY2017. The performance criteria for the Board's evaluation, as determined by the NC, cover the following areas:</p> <ul style="list-style-type: none"> (a) Composition and Size; (b) Conduct of Meeting; (c) Effectiveness and Training Communication with Shareholders; (d) Provision of information to the Board; (e) Standards of Conduct; (f) Financial performance; and (g) Board compensation.
	(a) What was the process upon which the Board reached the conclusion on its performance for the financial year?	As the Company was listed on the Catalist of the SGX-ST on 31 January 2018, there was no determination of the performance for the Board in FY2017. The Board has not engaged any external consultant in the valuation process. Where relevant and when the need arises, the NC will consider such an engagement.

Level and Mix of Remuneration		
8.1	What are the measures for assessing the performance of Executive Directors and key management personnel?	In reviewing and determining the remuneration packages of the Executive Directors and the Group's key management personnel, the RC considers the Executive Directors' and key management personnel's responsibilities, skills, expertise and contribution to the Group's performance when designing their respective remuneration packages, as so ensure that the level of remuneration is appropriate to attract, retain and motivate the Executive Directors' and key management personnel to run the Company successfully.
8.2	Are there long-term incentive schemes for Executive Directors and key management personnel?	The RC administers the Company's LYPSP, which formed part of the Company's offer document dated 18 January 2018 (" Offer Document "). No awards were granted under the LYPSP since the establishment of the LYPSP. Further details about the LYPSP are set out in the Offer Document.
8.3	How is the remuneration for Non-Executive Directors determined?	<p>The remuneration for the Non-Executive Directors are determined by the Board based on the effort and time spent, and the responsibilities of the Non-Executive Directors. The Directors' fees of the Non- Executive Directors are subject to approval by shareholders at each AGM.</p> <p>Independent Directors do not have Service Agreement with the Company and accordingly do not receive salary. They are paid Directors' fees, which are determined by the Board based on the effort, time spent and responsibilities of the Directors (including but not limited to their appointments to the various Board Committees). The Directors' fees of the Independent Directors are subject to approval by shareholders at each AGM.</p>
8.4	Are there any contractual provisions to allow the Company to reclaim incentive components of remuneration from Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company?	There are no contractual provisions to allow the Company to reclaim incentive components of the remuneration from the Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company.

9.5	Please provide details of the employee share scheme(s).	The Company has not adopted any employee share option scheme.
9.6	(a) Please describe how the remuneration received by Executive Directors and key management personnel has been determined by the performance criteria.	The remuneration received by the Executive Directors and key management personnel takes into consideration his or her individual performance and contribution towards the overall performance of the Group in FY2017. Their remuneration is made up of fixed and variable compensations. The fixed compensation consists of an annual base salary, fixed allowance and annual wage supplement. The variable compensation is determined based on the level of achievement of corporate and individual performance objectives.
	(b) What were the performance conditions used to determine their entitlement under the short term and long term incentive schemes?	The performance criteria used to assess the remuneration of Executive Directors and key management personnel is based on qualitative and quantitative components: (a) Leadership; (b) Teamwork; (c) People development; (d) Responsibilities and commitment; and (e) Profitability performance of the Group.
	(c) Were all of these performance conditions met? If not, what were the reasons?	Not applicable. As the Company was listed on the Catalist on 31 January 2018, there was no determination of the performance for the Board and key management personnel. The RC will review the performance of the Board and key management personnel based on its performance conditions in FY2018.
ACCOUNTABILITY AND AUDIT		
Accountability		
10.1 10.2	The Board should present a balanced and understandable assessment of the Company's performance, position and prospects.	The Board is accountable to shareholders and ensures that all material information is fully disclosed in a timely manner to shareholders in compliance with statutory and regulatory requirements. Shareholders' Rights		
14.1	The Company should facilitate the exercise of ownership rights by all shareholders. In particular, shareholders have the right to be sufficiently informed of changes in the Company or its business which would be likely to materially affect the price or value of the Company's shares.	The Company believes in providing sufficient and regular information to its shareholders to keep the shareholders updated with the recent development of the Group. In this respect, the Board strive to provide clear, timely and fair disclosure of information via SGXNET about the Company's business developments and financial performance updates that could have a material impact on the price or value of its shares.
14.2	The Company should ensure that shareholders have the opportunity to participate effectively in and vote at general meetings of shareholders. Shareholders should be informed of the rules, including voting procedures that govern general meetings of shareholders.	<p>Shareholders are encouraged to attend shareholders' meetings to stay informed of the Company's strategy and goals. Notice of the meeting is dispatched to shareholders, together with annual report or a circular, at least 14 days, or 21 days (as the case may be), before the meeting. The Board welcomes questions from shareholders who have an opportunity to raise issues either formally or informally before or at the shareholders' meetings.</p> <p>All shareholders are entitled to vote in accordance with the established voting rules and procedures. The Company shall conduct poll voting for all resolutions tabled at the general meetings. The rules, including the voting process, shall be explained by the scrutineers at such general meetings.</p>
14.3	The Company should allow corporations which provide nominee or custodial services to appoint more than two proxies so that shareholders who hold shares through such corporations can attend and participate in general meetings as proxies.	<p>The Constitution of the Company allows an individual shareholder to appoint not more than two proxies to attend and vote on his or her behalf at the general meetings.</p> <p>Member who is a relevant intermediary may appoint more than two proxies to attend, speak and vote at the shareholders' meetings, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.</p>

INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

Independent Auditor's Report to the Members of LY Corporation Limited

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of LY Corporation Limited (the "Company") and its subsidiaries (collectively, the "Group") which comprise the statements of financial position of the Group and the Company as at 31 December 2017, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the statement of financial position and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore (the "FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2017 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (the "SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (the "ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (the "ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For the matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report, including in relation to the matter below. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis for our audit opinion on the accompanying financial statements.

Valuation of inventories – work-in-progress and finished goods

As of 31 December 2017, the work-in-progress and finished goods amounted to RM12,647,000 and RM4,239,000 respectively. The Group manufactures custom wooden furniture according to customers' specifications. Significant management estimate is required in arriving at the cost of the inventory, which is determined based on standard costing method, in particular the estimation of direct labour and direct overheads to be apportioned to the specific inventories based on stage of completion. As such, we considered this to be a key audit matter.

INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

Key audit matters (Continued)

Valuation of inventories – work-in-progress and finished goods (Continued)

Our audit procedures included, among others:

- obtained an understanding and evaluated the design and operating effectiveness of the Group's internal controls with respect to inventory costing process;
- assessed management's budgeting and monitoring process by comparing actual costs incurred for completed customers' orders during the year to the standard costs on a sample basis;
- reviewed the standard costing on a sample basis to check that cost components of work-in-progress and finished goods are appropriate; and
- tested the standard costing by checking the actual cost components to supporting documents and testing the overhead costs capitalised in work-in-progress and finished goods.

The Group's disclosures relating to work-in-progress and finished goods are included in Note 15.

Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Low Bek Teng.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

1. CORPORATE INFORMATION

1.1 *The Company*

LY Corporation Limited (the “Company”) was incorporated as a private limited company domiciled in Singapore on 24 October 2016. The immediate and ultimate holding company is Lian Yu Holdings Pte. Ltd., which was incorporated in Singapore. On 21 December 2017, the Company was converted into a public company limited by shares and changed its name from LY Corporation Pte. Ltd. to LY Corporation Limited. The Company was listed on the Catalist Board of Singapore Exchange Securities Trading Limited (the “SGX-ST”) on 31 January 2018.

The registered office of the Company is located at 80 Robinson Road, #02-00, Singapore 068898.

The principal activity of the Company is that of investment holding. The principal activities of its subsidiaries are disclosed in Note 14.

1.2 *The Restructuring Exercise*

A restructuring exercise was carried out in connection with the listing exercise (the “Restructuring Exercise”). The following steps were taken pursuant to the Restructuring Exercise:

(a) *Incorporation of the Company*

The Company was incorporated on 24 October 2016 with an initial share capital of S\$1 comprising one share held by Mr Tan Yong Chuan. On 28 June 2017, Mr Tan Yong Chuan transferred one share to Lian Yu Holdings Pte. Ltd. for a consideration of S\$1.

On 18 December 2017, Lian Yu Holdings Pte. Ltd. and Crown Leap Limited subscribed for an aggregate of 19,999,999 issued and fully paid-up ordinary shares (“Shares”) for a consideration price of RM4,500,000 in the following proportions:

Shareholder	Number of Shares
Lian Yu Holdings Pte. Ltd.	17,199,999
Crown Leap Limited	2,800,000

(b) *Acquisition of shares in LY Furniture Sdn. Bhd. (“LYFSB”)*

On 18 December 2017, the Company subscribed for 4,500,000 shares in LYFSB, amounting to 90% of the enlarged issued and paid-up share capital of LYFSB, for a consideration of RM4,500,000 which was based on RM1 for each share in LYFSB.

Concurrently, the Company entered into a sale and purchase agreement to acquire the remaining 10% of the issued and paid-up share capital in LYFSB from LY Furniture Corporation Sdn. Bhd. for a consideration of RM15,995,500. The consideration was based on the unaudited net asset value of LYFSB as at 30 June 2017. The consideration was satisfied by the allotment and issue by our Company of 20,000,000 Shares to LY Furniture Corporation Sdn. Bhd. (or its nominees). LY Furniture Corporation Sdn. Bhd. directed that 17,200,000 Shares and 2,800,000 Shares be allotted and issued to Lian Yu Holdings Pte. Ltd. and Crown Leap Limited respectively.

Upon completion of the acquisition of shares in LYFSB, LYFSB became a wholly-owned subsidiary of the Company.

1.2 *The Restructuring Exercise (Continued)*

(c) *Sub-division of shares*

As approved by the shareholders on 16 January 2018, every 1,000 issued share capital of the Company was sub-divided into 10,668 shares (the "Share Split"). The number of shares after the Share Split was 426,720,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 *Basis of preparation*

The consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards ("FRS").

The consolidated financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Ringgit Malaysia ("RM") and all values in the tables are rounded to the nearest thousand (RM'000), except when otherwise indicated.

Convergence with International Financial Reporting Standards

For annual financial period beginning on or after 1 January 2018, Singapore-incorporated companies listed on the Singapore Exchange will apply Singapore Financial Reporting Framework (International) ("SFRS(I)"), a new financial reporting framework identical to International Financial Reporting Standards. The Group will adopt SFRS(I) on 1 January 2018.

The Group has performed an assessment of the impact of adopting SFRS(I). Other than the impact on adoption of the SFRS(I) 15, the Group expects that adoption of SFRS(I) will have no material impact on the financial statements in the year of initial application. The Group expects the impact of adopting SFRS(I) 15 will be similar to the impact on adoption of FRS 115 as disclosed in Note 2.3.

2.2 *Changes in accounting policies*

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 January 2017. The adoption of these standards did not have any effect on the financial performance or position of the Group and the Company.

2.3 *Standards issued but not yet effective*

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
FRS 109 <i>Financial Instruments</i>	1 January 2018
FRS 115 <i>Revenue from Contracts with Customers</i>	1 January 2018
Amendments to FRS 115: <i>Clarifications to FRS 115 Revenue from Contracts with Customers</i>	1 January 2018
INT FRS 112 <i>Foreign Currency Transactions and Advance Consideration</i>	1 January 2018
FRS 116 <i>Leases</i>	1 January 2019

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 *Standards issued but not yet effective (Continued)*

Except for FRS 115, the directors expect that the adoption of the other standards above will have no material impact on the consolidated financial statements in the period of initial application. The nature of the impending changes in accounting policy on adoption of FRS 115 is described below:

FRS 115 Revenue from Contracts with Customers

FRS 115 establishes a five-step model to account for revenue arising from contracts with customers, and introduces new contract cost guidance. Under FRS 115, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer. The new revenue standard is effective for annual periods beginning on or after 1 January 2018.

The Group has performed a preliminary impact assessment of adopting FRS 115 based on currently available information. This assessment may be subject to changes arising from ongoing analysis until the Group adopts FRS 115 in 2018. The Group plans to apply the changes in accounting policies retrospectively to each reporting year presented

The Group is in the business of manufacturing wooden furniture based on standard and customised specifications. The Group currently recognises revenue upon the transfer of significant risk and rewards of ownership of the goods to the customer, usually on delivery of goods. Under FRS 115, the performance obligation for manufacturing of customised wooden furniture are satisfied over time as the Group is restricted contractually from directing the finished goods for another use as they are being fulfilled and has an enforceable right to payment for performance completed to date. The Group expects that revenue and cost of sales to be recognised over time arising from the adoption of FRS 115.

2.4 Basis of consolidation

(a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, other than those under common control (Note 2.4(c)) being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- derecognises the carrying amount of any non-controlling interest;

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.4 *Basis of consolidation (Continued)*

(a) *Basis of consolidation (Continued)*

- derecognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(b) *Business combinations and goodwill*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another FRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.4 *Basis of consolidation (Continued)*

(b) *Business combinations and goodwill (Continued)*

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

(c) *Combination not involving a Business*

The consolidated financial statements of the Group for the financial years ended 31 December 2017 and 2016 comprising the Company and LYFSB are presented as a continuation of LYFSB. The consolidated financial statements will reflect any difference in share capital as an adjustment to equity. The Company does not recognise this adjustment in any component of equity that may be required to be reclassified to profit or loss at a later date as the establishment of the Group arose from the Restructuring Exercise is not a business combination as defined by FRS 103 Business Combination but a reorganisation without a change in beneficial shareholders. Such manner of presentation reflects the economic substance of the combining companies as a single economic enterprise, although the legal parent-subsidiary relationship was not established until after the end of the reporting periods. These comparative financial statements of the Group are a combination or aggregation of the financial statements of the Company and LYFSB as at and for the years ended 31 December 2017 and 2016. Comparatives are presented as if the entities or businesses had always been combined since the date of incorporation of the entities.

Pursuant to this:

- The assets and liabilities of the consolidated entities are reflected at their carrying amounts recorded in their respective financial statements.
- No adjustments are made to reflect the fair values on the date of consolidation, or recognise any new assets or liabilities.
- No additional goodwill is recognised as a result of the consolidation.
- Any difference between the consideration paid/transferred and the equity 'acquired' is reflected within the equity as merger reserve.
- The statement of comprehensive income reflects the results of the consolidated entities for the full year, irrespective of when the consolidation took place.

2.5 *Functional and Foreign currency*

The financial statements are presented in Ringgit Malaysia, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 *Functional and Foreign currency (Continued)*

Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.6 *Property, plant and equipment*

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land has an unlimited useful life and therefore is not depreciated.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Leasehold buildings	1.72% to 2.33%
Freehold buildings	2%
Machinery and equipment	10%
Office equipment, furniture and fittings	10%
Motor vehicles	12.5%

Capital work-in-progress is not depreciated as it is not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is derecognised.

2.7 *Leasehold land*

Leasehold land are initially measured at cost. Following initial recognition, leasehold land are measured at cost less accumulated amortisation and accumulated impairment losses. The leasehold land are amortised over the lease term of 43 to 58 years.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.8 *Impairment of non-financial assets*

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation or amortisation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

2.9 *Subsidiaries*

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

2.10 *Financial instruments*

(a) *Financial assets*

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

(i) *Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. This category includes derivative financial instruments entered into by the Group. Derivatives, including separated embedded derivatives are also classified as held for trading.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.10 *Financial instruments (Continued)*

(a) *Financial assets (Continued)*

Subsequent measurement (Continued)

(i) *Financial assets at fair value through profit or loss (Continued)*

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial assets are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss include exchange differences, interest and dividend income.

Derivatives embedded in host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not measured at fair value with changes in fair value recognised in profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required.

(ii) *Loans and receivables*

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process

De-recognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

(b) *Financial liabilities*

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus, in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.10 *Financial instruments (Continued)*

(b) *Financial liabilities (Continued)*

Subsequent measurement

(i) *Financial liabilities at fair value through profit or loss*

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

(ii) *Financial liabilities at amortised cost*

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

(c) *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is presented in the statement of financial position, when and only when, there is a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.11 *Impairment of financial assets*

The Group assesses at each reporting date whether there is any objective evidence that a financial asset is impaired.

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.11 *Impairment of financial assets (Continued)*

Financial assets carried at amortised cost (Continued)

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in profit or loss.

When the asset becomes uncollectible, the carrying amount of the impaired financial asset is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

2.12 *Cash and cash equivalents*

Cash and cash equivalents comprise cash at bank and on hand, demand deposits, and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

2.13 *Inventories*

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for as follows:

- Raw materials: purchase costs on a first-in first-out basis.
- Finished goods and work-in-progress: costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. These costs are assigned on a first-in first-out basis. The cost of finished goods are then determined on a first-in first-out basis.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.14 *Provisions*

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.14 *Provisions (Continued)*

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.15 *Borrowing costs*

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.16 *Employee benefits*

Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Company and the subsidiaries incorporated in Malaysia make contributions to the Central Provident Fund scheme in Singapore and the Employees Provident Fund in Malaysia respectively, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

2.17 *Leases*

(a) *As lessee*

Finance leases which transfer to the Group substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 *Leases (Continued)*

(b) *As lessor*

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.18(c).

2.18 *Revenue*

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty.

(a) *Sale of goods*

Revenue from sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer, usually on delivery of goods. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(b) *Interest income*

Interest income from banks is recognised on a time-proportion basis using the effective interest method.

(c) *Rental income*

Rental income arising from operating leases on leasehold properties is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

(d) *Dividend income*

Dividend income is recognised when the Group's rights to receive payment is established.

2.19 *Taxes*

(a) *Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.19 *Taxes (Continued)*

(b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.19 *Taxes (Continued)*

(c) *Sales tax*

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax (or Goods and Services Tax ("GST")) recoverable from, or payable to, the taxation authority is included as part of receivables or payable in the combined statement of financial position.

2.20 *Share capital and share issuance expenses*

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.21 *Segment reporting*

For management purposes, the performance of the Group is monitored based on revenue by geographical segments. Management of the Company regularly review the revenue by geographical segments in order to assess the segment performance. Additional disclosures on each of these segments are shown in Note 30.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the combined financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 *Judgements made in applying accounting policies*

In the process of applying the Group's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the combined financial statements:

Determination of functional currency

The Group measures foreign currency translation in the respective functional currencies of the Company and its subsidiaries. In determining the functional currencies of the entities in the Group, judgement is required to determine the currency that mainly influences sales prices for goods and services of the country whose competitive forces and regulations mainly determines the sales prices of its goods and services. The functional currency of the entities in the Group is determined based on management's assessment of the economic environment in which the entity operates and the entity process of determining sales prices. The entity's cost base is mainly denominated in its respective currency. Therefore, management concluded that the functional currency of the Company and its subsidiaries is RM.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

3.2 *Key sources of estimation uncertainty*

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur:

Income taxes

Judgement is involved in determining the Group's provision for income taxes as there are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business.

The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matter is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The tax payable is as disclosed in the statement of financial position and the deferred tax is disclosed in Note 22.

Useful lives of property, plant and equipment

The cost of property, plant and equipment of the Group are depreciated on a straight-line basis over the assets' estimated economic useful lives. Management estimates the useful lives of these property, plant and equipment to be between 8 to 58 years. These are common life expectancies applied in the industry. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised. The carrying amount of the Group's property, plant and equipment at the reporting date is disclosed in Note 12.

Valuation of inventories

The raw materials are measured based on first-in-first out basis, while work in progress and finished goods are measured using standard costing. Standard costing was computed based on management's best estimates of the overhead cost incurred in the production. Standard costing is subject to periodic review.

In accordance with FRS 2, "The cost of inventories shall comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition". As such, Management estimates is involved in ensuring the standard costing is closely approximate to the actual cost incurred. The carrying amount of inventories are disclosed in Note 15.

- Over provision in respect of previous years	(602)	-
Income tax expense recognised in profit or loss	13,215	12,868

The above reconciliation is prepared by aggregating separate reconciliations for each national jurisdiction.

Allowance for increased exports ("AIE")

AIE tax incentive was introduced by Inland Revenue Board of Malaysia to encourage increased in value of exported goods in Malaysia which is made available to resident companies engaged in manufacturing and exporting of manufactured products.

The tax incentive is calculated based on statutory income equivalent to 10% or 15% of the value of increased exports given to manufacturers provided that the value of the exported goods had increased by at least 30% or 50%, respectively, from the previous year. The tax incentive is deductible up to 70% of statutory income.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

11. EARNINGS PER SHARE

Pursuant to the Restructuring Exercise, the share capital of the Company was 40,000,000 ordinary shares. The computation of the basic earnings per share as follows takes into account the share capital of 40,000,000 ordinary shares, which is assumed to be in issue throughout the entire financial years ended 31 December 2017 and 2016.

	2017	2016
Profit of the year attributable to owners of the Company (RM'000)	50,901	43,446
Weighted average number of ordinary shares ('000)	40,000	40,000
Basic and diluted earnings per share ("EPS") (RM)	1.27	1.09

Diluted earnings per share is the same as basic earnings per share as there were no potential dilutive ordinary shares existing during the financial years ended 31 December 2017 and 2016.

The Company's number of ordinary shares in issue immediately after the Restructuring Exercise as disclosed in Note 1.2 together with the 62,424,200 new shares issued and allotted pursuant to the Initial Public Offering was 489,144,200 shares. Had the 489,144,200 shares been used in the calculation of basic and diluted earnings per shares for the financial years ended 31 December 2017 and 2016 would be as follows:

	2017	2016
Profit of the year attributable to owners of the Company (RM'000)	50,901	43,446
Weighted average number of ordinary shares ('000)	489,144	489,144
Basic and diluted EPS (sen)	10.41	8.88

Diluted earnings per share is the same as basic earnings per share as there were no potential dilutive ordinary shares existing during the financial years ended 31 December 2017 and 2016.

27. FAIR VALUE OF ASSETS AND LIABILITIES

(a) *Fair value hierarchy*

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or the liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

27. FAIR VALUE OF ASSETS AND LIABILITIES (CONTINUED)

(b) *Assets and liabilities measured at fair value*

The following table shows an analysis of each class of assets and liabilities measured at fair value at the end of the reporting period.

Group	Total RM'000	Level 1 RM'000	Level 2 RM'000	Level 3 RM'000

<i>Liabilities measured at fair value</i>				
Derivatives liabilities (Note 21)	-	-	-	-

(c) *Level 2 fair value measurements*

The following is a description of the valuation techniques and inputs used in the fair value measurement for assets and liabilities that are categorised within Level 2 of the fair value hierarchy:

Derivatives

Forward currency contracts, interest rate swaps and cross currency swaps are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, interest rate curves and forward rate curves.

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk.

The directors review and agree on policies and procedures for the management of these risks, which are executed by the management team.

It is, and has been throughout the current and previous financial years, the Group's policy that no derivatives shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient. The Group does not apply hedge accounting.

The following sections provide details regarding the Group's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) *Credit risk*

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade and other receivables. For cash and bank balances, the Group recognise credit risk by dealing exclusively with high credit rating counterparties.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(a) *Credit risk (Continued)*

The Group's objective is to seek continual revenue growth while recognised losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. In addition, receivable balances are monitored on an ongoing basis.

Exposure to credit risk

At the reporting date, the Group's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the consolidated statement of financial position.

Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country sector profile of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the end of the reporting period is as follows:

	RM'000	%
31 December 2016:		
By country:		
United States of America	12,399	82.2
Malaysia	1,078	7.1
Others	1,609	10.7
	15,086	100.0
31 December 2017:		
By country:		
United States of America	16,598	76.5
Malaysia	3,969	15.1
Others	1,816	8.4
	22,383	100.0

At the end of the reporting period approximately 76.9% (2016: 69.0%) of the Group's trade receivables were due from the 5 major customers located in United States of America and Malaysia.

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record within the Group. Cash and short-term deposits are neither past due nor impaired are placed with or entered into with reputable financial institutions with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding trade and other receivables that are either past due or impaired is disclosed in Note 16.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(b) *Liquidity risk*

Liquidity risk is the risk that may arise if the Group encounter difficulty in meeting financial obligations due to shortage of funds. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

To ensure continuity of funding, the Group's policy is to manage the debt maturity profile, operating cash flows and the availability of funding to support the operating cycle of the business.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's financial assets used for managing liquidity risk and financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

(c) *Interest rate risk*

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates.

The Group's exposure to interest rate risk arises primarily from its borrowings.

Sensitivity analysis for interest rate risk

During the financial year, if interest rates had been 10 basis points lower/higher, with all other variables held constant, the Group's profit net of tax would have been RM9,000 (2016: RM5,000) higher/lower, arising mainly as a result of lower/higher interest expense on floating rate loans and borrowings. The assumed movement in basis points for interest rate sensitivity analysis is based on the current observable market environment.

(d) *Foreign currency risk*

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group is exposed to transactional currency risk primarily through sales that are denominated in a currency other than the respective functional currencies of the Group entities. The currency giving rise to this risk is primarily United States Dollars ("USD"). Approximately 89.9% (2016: 99.8%) of the Group's sales are denominated in foreign currencies whilst almost 84.6% (2016: 78.5%) of the costs are denominated in the respective functional currencies of the Group's entities. The Group's trade receivables and trade payables at the end of the reporting period have similar exposure.

(d) *Foreign currency risk*

The Group also hold cash and short-term deposits denominated in foreign currencies for working capital purposes. At the end of the reporting period, such foreign currency balances are mainly in USD.

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's profit before tax to a reasonably possible change in the USD against the functional currency of the Group, with all other variables held constant.

	2017 RM'000	2016 RM'000
USD/RM		
- strengthen by 9% (2016: 5%)	3,044	2,137
- weaken by 9% (2016: 5%)	(3,044)	(2,137)

NOTES TO THE FINANCIAL STATEMENTS

29. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 December 2017 and 2016.

The Group monitors capital using a gearing ratio, which is total indebtedness divided by total capital. Total indebtedness comprise of loans and borrowings whereas total capital comprises the equity attributable to owners of the Company.

	2017 RM'000	2016 RM'000
Loans and borrowings	9,298	5,360
Equity attributable to the owners of the Company	173,768	173,367

30. SEGMENT INFORMATION

The Group's activities are predominantly in manufacturing of wooden bedroom furniture. Management has not segregated the business to different reportable segment. Management monitors the performance of the Group based on revenue by geographical segments. Other information of the profit or loss in respect of the segments are not provided to the chief operating decision maker regularly. Instead, other than revenue, the chief operating decision maker reviews the other information of the profit or loss on a Group basis without segregating such information based on segment. The geographical segments are as follows:

- (i) United States of America
- (ii) Malaysia
- (iii) Others

SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without modifications:

8. AUTHORITY TO ALLOT AND ISSUE SHARES

"That pursuant to Section 161 of the Companies Act, Chapter 50 and the Rules of Catalist of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") authority be and is hereby given to the Directors of the Company to (i) issue and allot new shares ("**Shares**") in the capital of the Company (whether by way of rights, bonus or otherwise); and/or make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares, at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion, deem fit; and (notwithstanding the authority conferred by this resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this resolution was in force, provided that:

- (1) the aggregate number of the Shares to be issued pursuant to such authority (including the Shares to be issued in pursuance of Instruments made or granted pursuant to such authority), does not exceed 100% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with paragraph (2) below), and provided further that where shareholders of the Company ("**Shareholders**") are not given the opportunity to participate in the same on a pro-rata basis ("**non pro-rata basis**"), then the Shares to be issued under such circumstances (including the Shares to be issued in pursuance of Instruments made or granted pursuant to such authority) shall not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with paragraph (2) below);

NOTICE OF THE FIRST ANNUAL GENERAL MEETING

- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of the Shares that may be issued under paragraph (1) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the issued Shares of the Company (excluding treasury shares and subsidiary holdings) at the time such authority was conferred, after adjusting for:
 - (a) new Shares arising from the conversion or exercise of any convertible securities;
 - (b) new Shares arising from the exercising of share options or the vesting of share awards which are outstanding or subsisting at the time this resolution is passed, provided that the share options or share awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules of the SGX-ST; and
 - (c) any subsequent consolidation or subdivision of the Shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the requirements imposed by the SGX-ST from time to time and the provisions of the Rules of Catalist of the SGX-ST for the time being in force (in each case, unless such compliance has been waived by the SGX-ST), all applicable legal requirements under the Companies Act and otherwise, and the Constitution of the Company for the time being; and
- (4) unless revoked or varied by the Company in a general meeting, the authority so conferred shall continue to be in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier."

[See Explanatory Note (g)]

(Resolution 11)

9. AUTHORITY TO ALLOT AND ISSUE SHARES UNDER THE LY PERFORMANCE SHARE PLAN

"That pursuant to Section 161 of the Companies Act, Chapter 50 and the provisions of the LY Performance Share Plan ("LYPSP"), authority be and is hereby given to the Directors of the Company to allot and issue from time to time such number of Shares in the capital of the Company as may be required to be issued pursuant to the vesting of awards under the LYPSP, provided always that the aggregate number of additional ordinary Shares to be allotted and issued pursuant to LYPSP shall not exceed 15% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company from time to time." [See Explanatory Note (h)]

(Resolution 12)

10. RENEWAL OF THE INTERESTED PERSON TRANSACTIONS MANDATE

"That:

- (a) approval be and is hereby given, for the purposes of Chapter 9 of the Rules of Catalist of the SGX-ST, for the Company, its subsidiaries and associated companies that are entities at risk (as that term is used in Chapter 9 of the Rules of Catalist of the SGX-ST), or any of them, to enter into any of the transactions falling within the types of interested person transactions described in the Appendix to Annual Report dated 6 April 2018 (the "Appendix") with any party who fall within the classes of interested persons described in the Appendix, provided that such transactions are made on normal commercial terms and are not prejudicial to the interest of the Company or its minority shareholders, and in accordance with the review procedures for such interested person transactions as set out in the Appendix (the "IPT Mandate");
- (b) the IPT Mandate shall, unless revoked or varied by the Company in a general meeting, continue to be in force until the date that the next Annual General Meeting of the Company is held or required by law to be held; and

NOTICE OF THE FIRST ANNUAL GENERAL MEETING

- (c) the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including executing all such documents as may be required) as they may consider expedient or necessary or in the interests of the Company to give effect to the IPT Mandate and/or this Resolution.”

Notes:-

1. (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the AGM. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy, failing which the appointments will be deemed to have been made in the alternative.
(b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.
"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50 of Singapore.
2. A proxy need not be a member of the Company.
3. The instrument appointing a proxy or proxies must be signed by the appointor or his duly authorised attorney or if the appointor is a corporation, it must be executed either under its common seal or signed by its attorney or officer duly authorised. Where a member of the Company appoints two proxies, he shall specify the proportion of his shareholding (expressed as a percentage of the whole) to be represented by each such proxy.
4. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with its Constitution and Section 179 of the Companies Act, Chapter 50 of Singapore.
5. The instrument appointing a proxy or proxies (together with the power of attorney or other authority, if any, under which it is signed or a notarially certified copy thereof) must be deposited at the registered office of the Company at 80 Robinson Road, #02-00, Singapore 068898 at least seven-two (72) hours before the time appointed for the AGM.
6. Completion and return of an instrument appointing a proxy or proxies shall not preclude a member from attending, speaking and voting at the AGM. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the AGM in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the relevant instrument appointing a proxy or proxies, to the AGM.
